

TCM Forklift Parts

TCM Forklift Parts - In the global business of material handling, lift trucks play a major part for transporting industrial goods. Initially innovated as industrial vehicles in the 1930s in the U.S., lift trucks gained recognition after World War II in the 1940s. Becoming an efficient and reliable means to material handling solutions, the practicality and need of these machines spread worldwide.

Initially founded as Toyo Carrier Manufacturing Company Limited, in the year 1949, the company was later renamed Toyo Umpanki Co. before becoming recognized as the TCM Corporation. Founded by Mr. N. Niwa manufactured Japan's first forklift. Through the years, TCM forklifts have become a global leader in forklift manufacturing and have built a solid reputation with the business. TCM began constructing forklift manufacturing sites outside of Japan in the 1980s and is now engaged in lift truck manufacturer at three foreign factories in the United States, Europe and China.

TCM proudly manufactures several models of industrial forklifts with over 50 years of accumulated expertise and technology, making their products recognized and used all over the globe. Characterized by energetic staff and strong initiatives, TCM continues to look toward the future and aspires to become a world-class leading business.
