

Advance-Nilfisk Part

Advance-Nilfisk Part - Think about how tedious it would be to clean up your very own house after throwing a big party, with out help from cleaning machines. Back in the day, when carpets and upholstery had the dirt beat out of them by hand; brushes, brooms and cleaning cloths were the leading cleaning supplies of that time.

P.A. Fisker, the man who established Nilfisk-Advance, was an electrical engineer who loved working with electrical motors. Starting the business in the year 1906, he began to produce motors to be able to drive drills, fans, machine tools and coffee grinders. Mr. Fisker's vision from the start was to have an international business selling goods internationally.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning industry. Mr. Fisker invented an amazing, ground breaking vacuum cleaner which could be operated by a single individual as it only weighed 17.5 kilos! This creation came in a time where various cleaning machines were massive and required 4 or more operators, thus, the Nilfisk C1 transformed everything and developed the method we clean forever. The genius behind these very first cleaning machines remains unparalleled. Cleaning equipment offer an excellent solution to an ongoing crisis; things get filthy and should be cleaned on a regular basis, without a lot of effort.

Little by little, the business Nilfisk-Advance developed through the years. During the the early part of the 1980's the company developed fast when the company became a part of the NKT Group. With new owners on board, they focused on driving Nilfisk-Advance ahead within the industry, trying to be an active international player in producing professional cleaning machines. Nilfisk-Advance is currently found in every part of the world by gradually acquiring lots of smaller companies in order to grow their product selection and presence in new markets. They are really proud to provide a range of cleaning solutions to fit every need.
